### Paramedic Services – Temporary (immediate need) Ontario Paramedic Surge Capacity Response

Medavie Health Services Ontario is the subsidiary of Medavie Health Services responsible for the optimal operation and management of an integrated, pre-hospital care organization in several EMS services in the province of Ontario. People are the biggest drivers of our success, and we are excited to continue to build a healthier community together. Our belief is in a better life for the communities we serve.

We are currently building an immediate roster of available Ontario registered Primary Care Paramedics and Advanced Care Paramedics to mobilize immediately to assist with mobile vaccinations clinics in the province of Ontario. Work assignments will be within the Greater Toronto Area, Peel and Durham regions and **are expected to begin within the week and last for at least a month.** Travel and accommodations will be provided and covered.

All applicants must be a registered paramedic in the province of Ontario as well as hold a valid Class F driver's license in Ontario (or equivalent).

For more information on this exciting opportunity to help your fellow Canadians in this time of need, please feel free to reach out us via email to [matthew.crossman@medaviehs.com](mailto:matthew.crossman@medaviehs.com).
